*Pursuant to PRC Section 5096.674, the Net Available for Appropriation amounts for the \$2.6 billion bond have been reduced by \$85,994,000 for bond issuance costs, other statewide bond costs and outyear amounts already committed by the Legislature.

Total Appropriations	\$2,514,006,000	\$2,520,796,000	\$9,441,000	-\$16,231,000

** Enacted appropriations shown net of reversions.

(a) This allocation was continuously appropriated by the bond act and shows a negative balance due to how the State Controller's Office tracks and reports continuous appropriations. The allocation will continue to be managed for typical year-to-year changes that impact the allocation balance and ensure the funds are not over-committed.

(b) The allocation balance column has been reduced for any projected state operations support through 2022-23. Outyear funding will be revised as necessary to account for typical year-to-year changes, as appropriate through the budget process.
